7:00: Slide Presentation & Casual Lecture by Brett Duchon

Brett Duchon was born and raised in Indianapolis and graduated with a Fine Art's degree from Herron School of Art. He spent many years in Japan for cultural studies, and during his master's degree, focused his research on a topic of lifelong interest -the Japanese folklore of the supernatural, known as Yōkai. There, he also trained extensively in Aikido, a traditional

Japanese martial art, teaching in Japan for many years as well as participating in national and international demonstrations and seminars.

He returned to Indianapolis with his lovely Japanese wife and their children in 2014. In early 2015, he curated a popular show with university ceramics majors from throughout Indiana, called "Manifestations in Clay: Modern Interpretations of Yokai, the Supernatural of Japan". For AAS, he addresses this same intriguingly spooky topic that should make for a pre-Halloween evening full of fun and chills!

- Please join the Asian Art Society for an eerie evening of art by sending your checks for \$40.00 per person to Treasurer, Niels Lyster, at 1752 Glencary Crest, Indpls. 46228.
- Please make checks out to IMA-AAS by Friday, October 23rd. -Your check is your reservation.
- If you wish to come for the presentation only, please give a \$10.00 donation per person at the door.
- All are welcome.
